The following is a quotation of the appropriate paragraphs of 35 U.S.C. § 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless --

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1-18 are rejected under 35 U.S.C. § 102(b) as being clearly anticipated by U.S. patent 4,822,081 to Blose. See column 10, lines 13-17 which state that the shoulders may be allowed to contact before complete thread make-up. As to claims 4-6 see fig. 6 and as to claim 7 see column 8, line 20.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
